Change #3, 300

On page 12, under *Tag Note*, replace the instructions with:

1. Tap on the image thumbnail to open the file on the display.

2. Tap ⬤ to open the Tag Note Menu.

3. Tap on one or multiple tags you want to add.

   Tags are useful to identify categories such as general, leak, and electrical.

4. Tap ▦ to use the camera to capture and read QR code for Asset ID recognition.

   Asset inspection status helps you to select and assign the status of inspection: As Left, As Found, or Undetermined.

5. Tap ⬤ to close the Tag Note menu.

Change #4, 300

On page 14, after *Factory settings*, add:

Operating Conditions
